The Next Big Chain

According to Our Community

Even the most popular worldwide chains started with just one location. Which hot new chain will people go to next? Find out which businesses our readers are most excited about.

Anthony's Coal Fired Pizza

Locations: 11 in South Florida

Opened: 2002

The Concept: 'Old world' pizza cooked in a coal-fired oven

According to DCDDRUM: "The best pizza I've had in a long time and great chicken wings that are roasted and at least appear to be much healthier."
